The DomainSherpa Review Transcript in PDF

Hey!

Thanks for clicking to view this PDF.

I'm not sure people in the DomainSherpa Network actually care about having the transcript to interviews in PDF format, so I decided to not do it and see if anyone cares…to gather data.

If you prefer to have a PDF of the interview transcript, like we have done in the past, please email michael@domainsherpa.com with your request.

(Don't worry, we'll continue to create the transcripts and display them inline on the interview page. It's just this PDF version that I'm considering stopping.)

If enough people email me, I'll get back on it and continue to create PDFs. If not, then my time is better spent finding cool stories, great tips, cutting-edge strategies and interesting people to interview.

Thanks and regards,
Michael
